MY TESTIMONY 21

INTRODUCTION

Every true believer in Jesus Christ should understand what we are about to confront in the 2020's and early 2030's and do something about it.

With my letter and the help of the scriptures, you'll understand the urgent response needed to prepare for the many prophecies that are now beginning to take place. We absolutely need to be doing something about it and we cannot afford to put things off any longer.

My personal letter and web site are there to help you prepare for the coming storm. We can no longer turn our back on the lack of being prepared. Do you know that only about 10% of the active members of "The Church of Jesus Christ of Latter Day Saints" have a year supply of food storage?

Brothers and sisters we are about to face some very difficult times beyond what most can grasp. I know the truth can be hard to swallow, but I am asking that every member of "The Church of Jesus Christ of Latter Day Saints" and true believer in Christ read this very important letter written just for you. I have written this letter because of my deep love and respect for Jesus Christ. I also have a great deal of respect for the Saints, the Prophet and the leaders of the Church. I am very grateful for all that they do and accomplish for our benefit.

We all have a role to play and it is very important that we listen to spirit to help guide us, so that we may be better prepared for the 2nd coming of Jesus Christ. I am asking for your help in bringing together the saints, so that we may be better prepared before the major attack begins in the United States. I pray that each one of us will reach deep within our heart and become more like Christ. Believing and building our personal relationship with Jesus Christ should be one of our top goals. In order to better serve Christ, we should learn to love one another fully and completely.

Mark 8:36 For what shall it profit a man, if he shall gain the whole world, and lose his own soul?

This is my gift to you and it is my prayer that I can make a difference in your life, but the question is will you let me?

If it wasn't for the spirit pushing me forward, I don't believe I could ever complete such an enormous task. It is my faith in the Savior and the respect I have for everyone who has done something good.

May God be with you always and may we come together to fight this battle with love.

Please do understand it's very urgent that you read this letter in order to understand and prepare for Christ 2nd coming, which we will face in this generation.

If you don't, you may not be ready for what lies in front of you.

Much Love and Respect,

Timothy Thompson

April 6, 2015

Dear Members of “The Church of Jesus Christ of Latter Day Saints”, and for all those who believe in Jesus Christ, this letter is written just for you.

I have something very important I must share with you. As we draw closer to Jesus Christ 2nd coming, it is extremely important that we are prepared for the attack on American soil.

Because of my faith in Heavenly Father and Jesus Christ, I feel it necessary to share something very important with you.

Please understand that this information is vital to your survival. I believe every believer in Jesus Christ should understand what lies ahead. Please do not under-estimate the importance of reading this entire letter written just for you.

Brothers and sisters, we bear a responsibility to wake up to are awful situation. Noah was required to make an Ark for him and his family and he did so because of his Love and faith in God. The ones who perish are the ones who would not obey God. Because they were so caught up in the worldly things they could not see the destruction that lay in front of them. Sounds frighteningly similar, doesn't it? The next several years are going to be so difficult for every single person living, but make no mistake about it few will survive. If you are not prepared you have no chance, it's that simple.

I think one of the greatest tests of faith in the final days is food storage. If you obey the wisdom to be prepared with a supply of food, you will have a much better chance of survival. I tell you these things with Love and concern for every member who truly believes in Jesus Christ. If you want to survive you need food to survive. People who make excuses need to wake up. As the Bible states, the last days will be the same as the time of Noah's flood.

My advice - If you must sell everything to attain a supply of food storage, then do it! It's just that serious folks. You also need to understand there is a lot more that has to be done than buying a year supply of food. As the leaders of the church have mentioned,

do not get in debt buying your supply of food for that could cause other issues in the near future. We need to strive to be debt free, which is always a wise thing to do.

The One World Government is fighting hard to take control of the world and they're winning. But as a true believer in Jesus Christ, I know the victory will be Christ and all who are on the side of the right who accept Jesus Christ. The masses behind the New World Order worship Satan for the power they believe they hold.

We need to do all we can to be prepared for the return of Jesus Christ 2nd coming. Even years before Christ 2nd coming will be the devastation of America, which is just in front of us.

We need to be prepared for the coming storm that will wipe out America as we know it.

What I am about to share with you could be very shocking and even a bit unbelievable for some. I do know it to be the truth and it is very significant that you know this information as well. I am writing you this letter because I care enough to warn you.

You are my brothers and sisters and I love you for your faith in Jesus Christ.

Please don't accept my word for it, please study and do your research and ask God. Do what Jesus would ask you to do. Do not be deceived and pray about it! Prophecy is very powerful! For those who study and understand it can understand the things that are taking place. The reason for this letter is because I care about you. I desire to share with you what we need to be doing for the succeeding five years before the United States of America comes to an end as we now experience it. Before I share the plan with you, there are a few things you must understand.

I give this letter to God for he has put it in my spirit to share this message with you! If you are thankful for this letter and the plan he has laid out, please remember to thank God through your personal prayers. Give glory to God for everything you have. Please don't be among the billions who wait until it's too late. He loves you and wants to hear from you.

THE HIDDEN AGENDA

Now the world is in serious Trouble.

There are many scriptures that warn us about a One World Government in the last days.

Did you know that in 2009 there was a meeting being held by the elite? There was a man at the end of the meeting who stood up and said; "Welcome to the New World Order".

Well, I thought to myself, this is not good. I knew this was prophesied in the Scriptures.

It was a real shock to me and yet for the most part I had to go through this alone.

I really began to wake up and started to share these things with people I work with. But for the most part it seems that most people just don't understand how much trouble we are really in. Millions are beginning to wake up to our awful situation. Most will never fully realize the tricks that Satan has employed to maintain people in the dark and unaware.

First, let me tell you the United States of America has been taken over and our leaders have destroyed the Constitution. This should not be a surprise, however, for many who refuse to wake up to our awful situation will refuse to believe it.

Please humble yourself and seek the truth. Many will act in disbelief when we are attacked in the near future with nuclear bombs. The majority does nothing, believing that God will save us, but they ignore the warnings to be prepared. The many leaders of the church and the Holy Spirit are trying to warn you.

Are you able to truly listen? Do you know that only approximately 10 percent of the participating members of the church has at least a year supply of food storage? At this rate more than 90 percent will not make it past the 2020's.

As a member of the church you might have read about the secret combinations that would take place in America in the last days. Well, guess what, these are the last years before Christ 2nd coming. Satan has blinded man so much that people can't even see the destruction that lies ahead. If you are prepared you shall not fear.

These secret combinations have taken place behind our backs in secret to the point there is not much we can do about it. We have been warned and it is unfortunate that many don't believe that our government could do such awful things behind our back.

They do so for the sake of control and power. We should never underestimate what the Government has planned for us in the near future.

We need to prepare for what is about to take place in the next few short years and pray to God for guidance.

On Sept 11, 2001

America was attacked and not in the way most believe it happened.

Have you ever heard the term, conspiracy theory? Do you know the Government uses this to cover up the truth and to keep you in the dark? When you hear the word conspiracy theory for the most part the government wants you to look at that group as a nut.

The United States Government would have you believe that the person who is trying to tell you the truth is lying to you. Even when that person or group is trying to do their best to try to warn you about the awful situation you are in.

The Government uses this to control you, it is a form of being brainwashed. The United States Government can then hide the fact that they're doing horrible things behind your back. The scriptures are filled with prophecy and warnings for all who would listen and seek the truth. These things have taken place and they are taking place even as you read this message.

I have learned with the help of God that most conspiracy theories turn out to be true or there is some truth in the conspiracy that the governments doesn't want you to know.

REMEMBER --> CONSPIRACY THEORY

Government uses this to make a person or a group of people look crazy. This way the Government can hide their dirty works and do many things behind your back. The Government has been very successful at this making the good man who tells you the truth look like he has some mental issues.

It is unfortunate many have been silenced in order to keep a person from going public with the truth.

The Government wants to keep you in the dark and for the most part they are doing a great job.

Definition - Secrete Combination: Government conspires against the People in secret; they are doing all they can gain power and take over, to control you.

Jesus has warn us how things would be in the final days. Because so many do not study prophecy in depth, they walk in darkness, not recognizing where the route will lead. I will tell you without a question that our Government was behind Sept 11, 2001 when we were attacked. The ground for this attack was to consume and destroy our Constitution and help bring in the New World Order. I am certain there are many other reasons in the hearts of man, all the same, I choose to believe the scriptures version of adverts as prophecy unfolds. The scriptures tell us what will take place in the final days.

We are told we must give up our freedoms in order to be safe. So one of the reasons the attack happened was for us to be more willing to give up our freedom. This earned them the excuse to bear out our freedoms one by one and delete the constitution. You can believe that our Government is walking all over this document, it means nothing to them.

What is left is in the hearts and minds of just men.

PLEASE, PLEASE LET US WAKE UP!

Now if you watch the news on TV you are not gaining the entire truth, a large heap of important data is forgotten out of the news. They do this so they can mislead you and have you believe a great lie.

The lie is that we are struggling for freedom, when really are military is being used for dominance, power and world domination in order to hurry up the operation and institute in the New World Order.

Only according to the scriptures the people who have taken over America will lose this conflict and the ability will be shifted to Iran and out of this area will rise the Antichrist, which will do battle against Christ. Totally, this gets me ill, but you need to know this information and then you can begin to build up and make plans.

You are being brainwashed into thinking all is not as bad as it seems so that you may fall into Satan's trap. Satan is using Television, internet, music, sports to keep people from having a relationship with Christ, however truly believing and having faith in Jesus Christ should give you much hope.

The light and truth is in the scriptures, it is the core that can help guide you. You call for the power of the Holy Ghost in the last days to help guide you to safety.

It is the power of the spirit that helps guide you so that you may better be able to make the proper choices in your life. Are you following the spirit?

The spirit might be telling you to prepare your food storage, eat better, watch what you eat, etc.

OUR NEAR FUTURE

Round 2010 I had learned that the people controlling the United States delivered a program in order to use the United States to start a war with several countries. I had a list of the countries the United States would initiate a war with. I thought to myself, who would believe me. I told my father what wars would happen in the close future and he reckoned I was nuts. He said; "No one knows the future", when somebody comes back with a remark like that, I usually just have it pass. I also shared my knowledge with people at work.

Some would take heed, however I doubt anyone really believed me. You can share these things with people, but when the things actually take place they will never remember you mentioned it. Most will forget in a short measure of time. I also remember how someone told me how evil Iran is and I thought to myself, if they only knew how evil the United States Government has become.

Our Relationship with Jesus Christ is very important and everything I share with you won't make any difference to you if you don't accept a personal kinship with Jesus Christ.

I understand it's not a popular thing to say; yet, it is the absolute truth. You need to look at Christ as the groundwork and we should pray to God the father to help guide us in these last days. We need to strive for that personal relationship with Jesus Christ. We need to know him so that the Holy Spirit may better guide us through the dangers we are about to face which will become very real in just a few years.

The Future: The world is in trouble. When America goes down it will go down hard and fast. It will be like sept 11, 2001 only 1000 times worse. One day we will go to work and all will seem normal and the next day we will be fighting for our lives. Life as we know it will end and nothing will seem the same. There will be no more gasoline, no grocery stores, no shopping for what we require. If we are wise, we will be prepared. The only chance you have for survival is if you prepare ahead of the storm. The spirit is trying to warn you, are you listening?

There will be many who have saved up their food storage, but will be forced to leave it behind. At this point there will be no transportation and many will have to carry what they own and leave everything behind. Planning ahead is thus very important and we need to use the mind that God granted us.

We require to understand the people who dwell in the cities and rural areas will have mobs of people looking for food. If you reckon you can remain in your home and remain alive you're fooling yourself.

You will suffer to shoot down others in order to guard your property and frankly as a Christian, I'm taught to Love people, not kill. There are those who think it is ok to kill to defend your family and belongings. We will be dealing with overpowering evil and for those who do not wish to take a life or to be killed must leave the city and flee to the mountains. You will need to hide in some safe area underground, a shelter from the storm. You may be in that location for a few months or even a few years.

There will be an attack on America soil and there will be much sickness and destruction throughout the country. The reason for this letter is to offer a plan and tell you what lies ahead. The doubters will perish, and very much like in the days of Noah, few survived.

You need to realize that at this point the rules change. We will be fighting to stay alive so that we may be a part of the First Resurrection and to be able to live another day to keep the church alive. To spread the gospel and to support each other during our situation, to bring about prophecy and also to build up and support each other.

The New Jerusalem. Nevertheless the New Jerusalem will not be built up until we are ready, morally cleansed and obedient. The weeding out process has commenced! If you make it alive then you're met to be alive, according to your faith. But many great men will die and so no one should think a person evil because they were killed.

Many will die because of their Testimony of Christ. God is in control and has a plan, it will come together in perfect harmony. All these things will happen and could have been avoided if only America remained a Christian nation. Our government leaders were replaced one by one with leaders who would destroy the constitution, but that's not to

say that every single person in the government is evil. There are good men being over shadow by evil. The only hope for government at this time will be in our personal prayers.

We should pray for our leaders in government on a regular basis.

Back in the early 1980's I received my Patriarch Blessing and it stated in my lifespan, there would be a weeding out. I asked the Bishop who was Brother John Amos at that time, what do you think this could mean?

He looked at me and told me what he thought. What he told me was that I could be one of those who would lead many to safety in the last days. I was 18 years old when I asked him that question, and that was over 33 years ago and I am now 52 years old as I write you this letter.

I have read many books about safety in the Rocky Mountains in the last days and I am very much aware of the cleansing by fire that must first take place in the last days before The New Jerusalem can be built.

I do know that there is a time we must conceal from the storm before we are able to take the journey to Missouri, the Rocky Mountains.

The Future: Through the years I have been reading many sources to study prophecy. Here is what I have taken from it. People are always trying to set dates for Christ 2nd coming.

The problem is most are so convinced they figured it out or believe what someone has told them. But in order to know prophecy you must first seek Christ, otherwise you will not have the eyes to see. Also, you are shown what you are ready to see.

There are many who believe Christ is coming very soon. I mean the next two or three years and you will not be able to convince them differently. There is nothing I can do

about people who have been so misled. If you truly desire to know the truth, you have to study it yourself and ask God for help. After you spend some time studying prophecy, it will begin to come together like a puzzle. You'll never fully understand everything but it will surprise you what you can understand if you truly seek Christ. It is best if you read and study the scriptures in the proper frame of mind, having a strong desire to seek Christ with all your heart, mind and soul will make all the difference in the world, let the spirit guide you.

Studying prophecy has kept me from being deceived for the most part. I was deceived in trusting our government, when I discovered the truth it made me ill. I really feel blessed that I can deliver this knowledge to you. I can tell you the wars that will take place in the next few years leading up to Christ 2nd coming.

There have been many who have told me that they do not understand the book of revelation and the same people will also say, it's too scary and so they will not take the time to study and read it in depth.

You know there is a blessing for those who study it and find out about the things written within the Book of Revelation. I am constantly receptive to sharing prophecy to those who would love to learn more and there is much more on my web site that will make your head spin, but is all true. It is so wonderful how the Lord has given us so much information in the last days, we are not alone.

I ask that you take some time and read Matthew Chapter 25. There are two things that I get out of this chapter. One we are commanded to be prepared and 2nd if we are wise, we will do all we can to help others.

We know that there will not be enough food and many will perish. Like in the days of Noah they had not the foresight to obey God. I am sorry to say many will perish because they were not prepared. You will need to draw closer to the spirit to help you get through the troubles that lie ahead. You will need to rely on the spirit to guide you to safety.

What is even sadder is many LDS and Christians are currently doing nothing, expecting the church to relieve them. Don't you know you are part of the church and you have a responsibility to take action?

The church cannot feed millions of people for the next few years. We are commanded to stock up on food to feed our family and if we are wise we would have extra to help our neighbor.

Be warned, when a state of Marshal Law kicks in you can expect that the Government will collect your food. You will need to keep it in a safe secret place so that no one can find it. You'll need to gain knowledge on how to better deal with what we will be facing in the near future. Now the purpose of this letter is to tell you that I do have a plan for all who wish to be a part of it. We demand a plan to escape the urban centers and the local counties.

When things begin to fall apart, you'll necessitate to draw out from the urban centers and perhaps if you're in tune with the spirit you'll be in the shelter before the bombs begin coming. Make no mistake about it, if you don't wish to take life or be killed you'll need to flee some were safe. A place of shelter away from the main population and away from the cities.

Those who have a plan and prepare will be the ones who will most probably live. In the succeeding few years we will be working through the weeding out process.

It's the weeding out of the ones who are NOT Faithful to Jesus Christ verses the ones who are believers.

It's not up to me to Judge or nor do I know every aspect of God's design.

Isaiah 26:20-21

20 Come, my people, enter thou into thy chambers, and shut thy doors about thee: hide thyself as it were for a little moment, until the indignation be overpast.

21 For, behold, the LORD cometh out of his place to punish the inhabitants of the earth for their iniquity: the earth also shall disclose her blood, and shall no more cover her slain.

Many affairs are coming in concert so that the New Jerusalem can be built and the Lord will come back as King of Kings, how marvelous!

THE PLAN / UNDERGROUND SHELTER

I Propose a Plan for you:

I will be building an underground shelter and I am also seeking others who are willing to do the same.

We need a shelter from the storm.

You are invited to be a part of this plan of survival if you are a seeker of truth. There are only two requirements in this plan. You must be a genuine believer in Jesus Christ, read John 3:16. You must experience a kinship with Jesus Christ and endeavor to keep his commandments. Please understand I don't expect perfection, but I do expect a group of people who have the same goal to become more like Christ.

Permit me to also say; there will be no Smoking, drinking, drugs or porn. Every member should refrain from dirty jokes and filthy talk with other members. This is not a time to bring about our end. We will be alive because of our faith in Christ and we should seek prayer in all we do. Can you see where I am coming from?

This is it guys! Prophecy is taking place and we call for the assistance of the almighty God to help lead us to safety. Any lack of respect for anyone else in our community will only hurt the community as a whole.

Keep on your Armor of righteousness at all times. The key is compassion and love and respect for each other. When we are mean to other people, we show our own weakness.

When that time comes we will need the support of every member who joins us in the underground shelters, the Ark. There will be regular prayer meetings and plenty to do and much time to rest and reflect.

The other major requirement is for you to get in at least one year supply of food and more would be helpful. You cannot survive without food. The prophets have warned us many times how important it is to be prepared in our day. I am afraid we were so well warned that many have become numb to the possibility of what we are about to confront.

Another part of the requirement is to maintain things in secret. You cannot tell people who did not prepare the location of the community. America will be under an exterminate order just like Hitler ordered millions to be killed including the Jews. But the above can be accomplished if you demand action today. You are blessed in that you still have some time to become organized for the coming storm, but time is not on our side. I tell you it will become so real, the unthinkable will happen soon. But like Noah when he had to close the doorways of the Ark. All mortals who would not go into the ark perished. I inquire you what side are you on.

I believe some time in the 2020's America will collapse in one day and nothing will be the same.

You will not be able to buy Gas, Food and much of the water will become contaminated with radiation and other pollution. A wise man will be prepared as Noah was.

The plan I advise..... The Plan will cover the basics, Food, Water and shelter and much more.

I bought some ground in the mountains of Virginia away from the high population, area of the major urban centers. It is very close to the Blue Ridge Parkway in Virginia. The estate was financed and is now fully paid for. I did not know it then, but I do believe God would have me use it to create a shelter for the coming storm. My land is not my land it belongs to Jesus Christ and in fact everything belongs to Christ. I have the honor of following Christ as we all do. This shelter needs to be built up over the following 5 years and completed as soon as possible. This will be possible with your help. This land has a creek that extends the entire property. For those who are interested should contact me.

I will do all that I can to make this happen. I will need all who wish to be a part of this project to help out in whatever direction you can. But the first step is for you to take up your supply of food storage for yourself and your family. Otherwise none of this applies to you. But for those who can see the danger coming, I ask you to pray about it and let's have the insight that Noah had and come together and make this happen.

The plan I am putting together is for all who are able to make a shelter. This plan is for every member who values his or her life. If your wealth is more important to you than helping to build a shelter, then you will perish in the storm. Your wealth can not spare you.

Anyone who would be interested in building a shelter along their estate should get in contact with me. I will also need to know if you have any room for others.

I understand privacy is very important in this matter. What is important is for us to draw together. All who wish to be a part of the underground shelter plan and have a safe place

to go should also contact me. Once we have the shelters then we can start setting up communications so that we may communicate with each other.

I do realize many don't have the money or land to build a shelter. I am looking for people who have awakened and understand America will fall without a doubt. There is no doubt that America will collapse and it will take place soon in just a few years. The first thing you must do is purchase a year supply of food for every member of your family. The 2nd thing is to sign up for the plan I am going to outline in another PDF File. The third thing is to cut back your spending and find what you don't need and sell it. You need to be awake enough and willing enough to help, to donate your time and effort to help save lives and souls.

You should get hold of me so that we may better understand each other. If you don't have a shelter, then the money donated will help secure a place for you. I am looking for people who understand that when America falls you lose everything and thus building a shelter should be a priority, just like Noah when he built the Ark. I am doing all I can to wake people up and how I pray it will be enough, so you can help me wake people up.

We should stop spending money on things we don't need and to start doing the things we need to survive. It is my goal and desire to help lead many to safety and I will do all I can to assist you.

But you must be willing to help yourself first and take the next step. If you are awake I do need your help in order to help others understand our situation. Please send them to <http://ldsvoiceofwarning.org> for more information. They should read this letter and it will be on the web site for all to read.

God Bless You - I hope this letter gives you hope. Remember, God has a plan for us, so let's try to do our best to make things happen the here and now. Let us not say when this is all over, we should have done more.

MY TESTIMONY

I know that God lives and I know without a doubt that Jesus Christ will return in just a few years. I know these things because of my deep desire to know the things pertaining to prophecy and the 2nd coming.

I immediately recognize how very significant it is for us to have our house in order.

I recognize that the Holy Spirit is real and how much of a blessing it is to feel the warmth comforting feeling that the spirit provides. And if that were not enough, knowing prophecy from the scriptures and seeing it unfold right before my eyes only strengthens my testimony. It is because of my knowledge and love for the savior that my Testimony is an unsinkable Testimony. I know this to be as real as the air I breathe and that we are so blessed to be a part of Christ Church in these latter days. I know that "The Church of Jesus Christ of Latter Day Saints" is Christ church restored by Joseph Smith to help prepare for the 2nd coming of Jesus Christ.

I am very aware of the misleading information that surrounds Joseph Smith and how Satan uses this to pull people from the church. This is done in order to keep people from ever obtaining the many blessing the church has to offer.

For those who don't know the church was taken off the face of the earth soon after the original Apostles were killed and after Jesus was crucified. Then in the early 1800's Joseph Smith received a vision and in just a few short years the Church was restored. The Gospel could now go forth throughout the land and through the world. Satan and his followers have done all they can to keep man from knowing this truth and man will be condemn because of their personal pride and rejecting the church and the commandments, unless they change their ways and repent.

God loves a humble heart....

Only the true seeker seeking the truth will ever find this blessing.

But in the end we are responsible for our own action. It is very similar to what happened some 2000 years ago, when Satan did all he could to keep the majority from ever knowing that Christ was actually walking the earth during those days.

Please don't be one of those who get so caught up in the history of the church that you look for excuses to not partake of the wonderful fruit the church has to offer. Many keep themselves from seeing and knowing the absolute truth.

My personal Journey has nothing to do with what others have done in the past, my journey is in my heart, the desire to become closer to Christ through the teaching of the scripture and prayer. Let us not get caught up in some ones else's past and point fingers, let us remain focused and do all we can to stay on the straight and narrow path. Let us strive to keep the commandments and to love one another. Let us prepare for the 2nd coming of Christ.

God Bless You!

I say these things in; "The name of Jesus Christ".

Much Love and esteem;

Sincerely,

Timothy R Thompson
